Notification

Notification of acceptance or rejection will occur **by November, 2019** or as soon as possible after a late submission. Should any questions arise you can contact info@integraleuropeanconference.com

Terms and conditions for presenters

All slots will have admission fee reductions. Depending on the slot the applicant is given, he or she will get a certain percentage of reduction on the *conference fee*, but not on *food or accommodation costs* in the conference hotel. Slots will be allocated after reviewing all the incoming applications and presenters will be notified by the reduction %.

Registering for the conference

All applicants are required to register for the conference *separately* through our webshop. So if we notify you to be admitted as a presenter, then go to the webshop and register with the code we send you that will apply the reduction on the conference fee. If you want to register earlier then you are notified, to secure your hotel room that fills up fast, then you can do that and we transfer back the amount of reduction if your application is accepted. Many people chose that in the last years.

IEC Awards for best contributions

By submitting your proposals you also get the chance to win an award for the best contribution in any of these tracks. Additionally we will award the most dedicated integral community organizers. Winners will be announced on stage during the IEC Awards ceremony.

By handing in your proposal, you automatically agree to grant us the right to document your contribution on photo, video or audio. We ask you to promote IEC in your list and FB page to help inviting people and to have a beautiful audience

Since this is in our mutual best interest, as a contributor please reach out to your lists, FB pag(es), audience and get the word out. The integral world is not centralised so it doesn't have one email list. It is many circles all over the world, like yours, ours and many others. Therefore the IEC audience builds up from these circles of which you might be a member or leader already. It is essential that your circle knows about IEC4, because it is the world gathering of the integral world, providing a larger context for all of us. If you are admitted we send you more help in that, but you can do it also intuitively from the flow. We truly appreciate your work and thank you for your cooperation in creating a more conscious, more integral world and make IE4 a real success for all of us!
