IEC  **INTEGRAL
EUROPEAN
CONFERENCE**
2020

THE 4TH INTEGRAL EUROPEAN CONFERENCE
GLOBAL INTEGRAL AWAKENS

26-31, MAY, 2020

Dear IEC Friend,

Become a major player in the integral world! Integral European Conferences are the premier global gatherings of the integral community. Whoever shows up becomes seen and known in the integral world-especially if their presence is supported by sponsorship options that greatly enhance their brand visibility and presence!

Put yourself on the global map-big time. Whether you want to be on the map or you are already there and want to strengthen your brand or position yourself in the integral world market, we have many options for you to choose from below.

Harness the opportunity and do good for people too. Our sponsorship options are designed to be integral: they include orange elements, where you promote your services in a lot of ways; they also include green elements, where you help young students access scholarships to be able to come to IEC. We also offer opportunities to spread your vision as a teal aspect of sponsorship based on your evolutionary purpose. You might run a workshop, present, or even be a keynote speaker-the highest rank at the conference!

Use your money wisely, be integral. With these stages of orange, green, and teal in each sponsorship package, choose from the chart below which rank you'd like to adopt. The higher the rank, the more visible you become, and the more people you help!

Please reply to info@integraleuropeanconference.com, and the conference director Bence Ganti will reply to you personally.
